Legislation Passed During the 2021 Legislative Session

H 20 HEALTHY WORKPLACES ACT	HB 20 guarantees the right to earn paid sick leave for New Mexico's workers. No one should have to choose between their health and their job. This bill would allow workers to accumulate a limited number of paid sick days that can be used when they or a loved one gets sick. Allowing workers to stay home when they are sick is a matter of public health. The bill requires that all employees in New Mexico accrue one hour of paid sick leave for every 30 hours worked, up to a maximum of 64 hours of leave accrued annually.
